Revised FS Report for the L.E. Carpenter Site

Raymond Basso, Chief
New Jersey Superfund Branch II
Emergency and Remedial Response Division

(See distribution list below)

The purpose of this memorandum is to request that you and/or your staff review and prepare comments on the revised (November 1992) Feasibility Study (FS) Report for the L.E. Carpenter Site, which is located in Wharton, New Jersey. This report was prepared by a contractor working for L.E. Carpenter & Company pursuant to an Administrative Consent Order issued by the State of New Jersey Department of Environmental Protection and Energy (NJDEPE). A prior draft was distributed for review with my memo dated August 12, 1992. The attached revision incorporates responses to comments on the prior draft.

I will appreciate receiving all comments on the revised FS report by no later than December 18, 1992. The comments should be transmitted directly to Jonathan Josephs of my staff in Room 13-100.

Mr. Josephs of my staff may be contacted at (212) 264-8098 if there are any questions about the FS Report.
